1 Only specific provisions.

2 LCR became applicable in Oman on Jan 01, 2015. The year 2014 was the observation period.

3 NSFR will become standard in Oman with effect from January 01, 2018. Till then, the observation period continues.

4 Growth of financing to private sector was very high during 2014, as Institutions offering Islamic financial services (IIFS) were actively seeking out business opportunities in the market to increase their earning assets, being in 2nd year of operations.

@ Oman had adopted Basel III for capital adequacy requirements with effect from December 31, 2013, while requirements for capital conservation buffer were made applicable from January 01, 2014.

@@ In ST03, total *Shari'ah*-compliant financing is reported on 'Net' basis as it is part of balance sheet assets (assets are reported on Net basis in balance sheet), while in other places the financing figure is reported on 'Gross' basis.

* The data for CP07 & CP08 for four quarters of 2014 is calculated based on annualized income in numerator while average method (average of current and previous quarters) is used for 'Total assets' and 'Equity' as denominator. However, 2013A data is calculated based on annual income for 2013 and 'Total assets' and 'Equity' as of date.

^ In case of CP09, CP10, ST05 & ST06, the value for 2013A shows annual data while the values for four quarters of 2014 show quarterly data. Since 2015Q4 both denominator and numerator in CPR09 and CP10 are based on annualized income and expenses.

^^ Some of the balance sheet figures, for example, in ST03 and ST04 are restated to make them consistent with 2014 data in the new format. However, for investment based revenues in ST05, the corresponding separate figure on new format is not readily available for 2013A, hence financing based revenues in ST05 for 2013A also includes revenue from investment.

^^^ The specific provisions against restructured accounts (which are not NPF at moment) is also included in Total Provision figure mentioned in CP 06; hence the Net NPF in CP 05 will not necessarily be equal to Gross NPF- Provision (Specific), in some quarters, starting from 2015Q2.
